Attention GoAuto e-news readers:

Please be advised the next edition will be published two days later than usual to bring you full coverage of Toyota's all-new Camry and other important new model launches including the Alfa Romeo Brera, Volkswagen Golf R32 and Porsche's cut-price Cayman, which has just been launched in Germany.

All this and the latest details to emerge on Holden's VE Commodore will make it another issue not to be missed.

Watch out for it in your inbox this Friday morning.
